FCN Treaty. UR 3032

All reported changes acceptable, except insertion
"companies" in connection domicile. (Added matter
Protocol 4). This insertion confusing. Also practically
meaningless, as US lacks FED incorporation law. Aside NATL
banks and few immaterial cases, all business corporations
have State charters. Recent treaties uniformly recognize
sole
place incorporation as ~~XXXX~~ proper test. AGAM follows.

DEPT assumes JG understands Prot. in no (RPT no)
second sentence
way affects/para. 2 Art. VII, especially as to banks.

DEPT will advise telegraphically when full power
issued.

See further accompanying DEPTTEL 2260.
